

POLYAN.... Specimen Label

SINKING AND DRIFT CONTROL AGENT FOR AQUATIC HERBICIDES

Ingredients

Active Ingredient: Polyacrylamide copolymer.....	35%
Inert Ingredients:.....	65%
Total:.....	100%

PolyAn is a aquatic sinking and drift control agent. PolyAn is improved with better shelf life and nonionic so it works with most herbicides.

CAUTION

Do not take internally. Avoid skin contact. May cause skin and eye irritation. Keep out of the reach of children. Read and follow all label directions and Cautions on all products used.

ANTIDOTE

If swallowed: Do not induce vomiting. Get medical attention. In case of skin contact, flush thoroughly with water.

CHARACTERISTICS

PolyAn is a white liquid polymer that will sink spray solutions when used at higher rates. PolyAn can also be used for terrestrial drift control at lower rates. PolyAn is very slippery when spilled, use sands, sawdust or similar absorbent Material on any spill. Surfactants in PolyAn are exempt from the requirements of tolerance under Title 40, CFR, 180.1001 (d).

DIRECTIONS FOR USE

Shake well before using. Do not add water to container. Aquatic sinking use 1-2 gallons per 100 gallons of spray solution. Add slowly While agitating 3-4 minutes. Terrestrial drift use 3-8 ounces per 100 gallons of spray solution. The longer agitation occurs the thicker the viscosity. Rates can vary dependent upon pressure, spray solution, wind speed, nozzle selection, and configuration. For sinking, rates can vary with flow of water.

CONDITIONS FOR SALE

We warrant that this product conforms to the chemical description on the label and is reasonably fit for the purposes set forth on the label when used according to directions under normal use conditions. There are no other warranties, whether expressed or implied, including a warranty Of fitness for a particular purpose. This warranty does not extend to the handling or use of this product contrary to label instructions or under abnormal conditions not reasonably foreseeable to seller, and buyer assumes all risk of any such use.
