Net Contents: 3 lbs • 1.3 kg

281670 V1.3

SAFE FOR

Recreational Ponds,
Horses, Livestock, Birds,
Pets, Fish, Wildlife and
the Environment.

Why is PondClear™ so important for my pond's health?

Water clarity problems are caused by rotting vegetation, leaves, twigs and fish waste that have accumulated in your pond. PondClear™ is a special blend of highly concentrated beneficial bacteria designed to promote a clean and healthy ecosystem. PondClear™ works by consuming suspended organics and converting them into an odorless gas that safely escapes unnoticed out of the water column. In just a few weeks after your first application, you will begin to see a noticeable difference in water clarity.

Pc PondClear™ Natural Beneficial Bacteria

HOW TO APPLY: **DO NOT OPEN PACKETS!**

Packets are to be applied directly to the water. Distribute packets from shore or boat. PondClear™ works best when evenly disbursed across the body of water.

WHEN TO APPLY: Apply every two weeks when water temperatures are above 50° F. Wait three days after an algaecide and/or herbicide treatment to apply PondClear™.

QUICK DOSE CHART

| Pond Size (surface acres) | Dosage Rate (every two weeks*) | Months of Treatment |
|------------------------------|-----------------------------------|------------------------|
| Up to 1/4 acre | 2 packets | 3 |
| Up to 1/2 acre | 4 packets | 1.5 |
| Up to 3/4 acre | 6 packets | 1 |
| Up to 1 acre* | 8 packets | .75 |

*For ponds larger than one acre, use 8 packets per surface acre every 4 weeks.

WATER USE RESTRICTIONS:

PondClear™ may be applied to lakes and ponds used for irrigation and aquaculture. Water treated with PondClear™ may be used for recreation, fishing and other activities immediately after treatment. Safe for recreational ponds, horses, livestock, birds, pets, fish, wildlife and the environment. *Do not apply to water that will be used for human consumption.*
